Brief Abstract of Letter

Submits for sanction an estimate amounting to Rs 5940 with plans for the construction of a Chattram in lieu of the old Clerk's Chattram transferred to the Military Dept. & states that the site selected is the triangular bit of land opposite to the Tonga Lines.

NOTES AND ORDERS

5 Submitted. In G.O. No. 1564-7 Mil. 253-09-5 dated the 2nd June 911, Govt directed that the Clerk's Chattram at Mysore be permanently transferred to the Military Department and that a provision of Rs 3700/- be made in the State P.W. Budget

1911-1912 for payment to the Munic. Council and instructed the Munic. Council to use the amount, when paid for providing other accommodation for travellers. In pursuance of that order the Municipal President has now submitted an estimate amounting to Rs 5947 for a new Chattram and proposed to build it on the triangular bit of land opposite to the Lower Line on the Railway Station Road. There is a provision of Rs 2500/- for the purpose in the current year's P.W. Budget. The difference between what is ordered to be paid for the old Chattram and the cost of the new Chattram will have to be met from Munic. Funds.

2 Submitted for orders. If necessary, the Chief Engineer may be consulted W.O. about the design and the estimate of the proposed building.

The object of the Musafirkhana is not explained. If it is intended to accommodate ordinary travellers that arrive in Mysore, it is a great desideratum and the building has to be made as convenient and handsome as possible.

The single rooms will get dirty and smoky in a few days and there is no privacy and segregation as Verandahs afford shelter for people to lounge about. The object of the central hall is not stated. A more suitable design has to be thought of especially as it is not desirable to allow a dirty and uncommodious building to spring up at the very threshold of the City. It will be something like the Dharmasalas that one comes across in Northern India.

What seems to me a more convenient and suitable ground plan is shown in the accompanying [illegible] prepared in this office by Mr. K Krishna Iyengar, Deputy Chief Engineer. If approved, detailed plans and estimates will be developed and submitted to Government in due

The construction of an Indian Hotel on the lines suggested by the President should be left to private agency and having regard to its usefulness and the difficulty of securing an eligible site, the Municipality may stream a point by granting a site free of Cost. Though the original Object for which Clarke's Chatram was Constructed is not known, it is clear from Serials 5 + 8 that it was being resorted to by Byragees and travellers of the lower class. The proposed Indian Hotel will, it is needless to add, hardly serve the above purpose

It is also to be noted that the Construction or maintenance of Hotels does not appear to be one of the Objects on which the funds of a Municipal Council can be spent, nor does it appear equitable to saddle the general tax payers with the Cost of Construction of such an Hotel

The Municipal Council of Mysore city will, if approved, be required to either submit proposals on the lines already indicated in Serial 2, or to drop the question altogether in case they are satisfied that a new building is not required for the purpose above mentioned

The latest proposal of the Rajah's Secretary dated 10th March 1913 to lease the said Chaltram for his Convalescence & a Hindu Hostel at a cost of Rupees Rs 1500, the first contributing half the cost and the second half (including the sum of Rs 3700 paid to the Rajah's for Clarke Chaltram) being contributed by the Rajah's

I think that the Rajah's proposal of the Rajah's unnecessary complicates the question & Rajah's application to the Rajah's of the said Chaltram. It seems to me best his simplest & easiest course is to make over to the Rajah's the sum of Rs 3700 at which Clarke Chaltram was valued, leaving it to the Rajah's to use the same for the Convalescence & another Chaltram or for any other purpose that the Rajah's likes. Then can be seen at the same time as to the proposed lease the Clarke Chaltram with nothing more much of the site after the advance of the Chaltram to Rajah's then the Rajah's must have [illegible]

Secretary to the Govt of Mysore, General & Revenue Depts

Sir,

With reference to correspondence ending with your No.426/Ml.331-11-2 dated 12th July 1912 requesting the selection of another site for the construction of a Chattram in lieu of Clerk's Chattram transferred to the Military Depart-ment, I have the honour to state that the Council have selected the piece of land lying to the west of the Zenana Mission School in Mysore for the purpose

2. As regards the design of the proposed Chattram I have to state that the Council intend to build a pucca Indian Hotel for serving prepared food to travellers. The construction of a building for this purpose is estimated to cost about Rs.15,000/-.

3. The compensation due for the Clerk's Chattram is Rs.3,700/-. The Municipality is prepared to pay a further sum of Rs.3,700/- aggregating in all Rs.7,400/- and it is requested by the Council that Government do kindly pay an equal amount. Should the cost exceed the present estimate of Rs.14,800/-, the Council are willing to bear half the total cost and request Government to bear the other half of the

the total cost, the plan and estimate of the proposed building being prepared in a suitable manner by the Government.

4. I forward copy of the Council resolution passed at its meeting held on the 28th ultimo and request you to be so kind as to obtain the sanction of Government to the above proposal at an early date.

5. In this case, I am personally of opinion that the compound of the Manjaraja Bahadur Choultry in front of the Empire Hotel is best suited for the location of the above Indian Hotel both by its nearness to the Railway Station and its close proximity to the choultry. Such of the travelling public as are progressive and well-to-do may remain and dine in the proposed hostel itself, two separate kitchens and dining halls only being constructed for vegetarians and non-vegetarians, and no class distinctions being made in the living rooms which should be well furnished and fitted up as in English Hotels Other travellers who are less well-to-do or scrupulous may occupy the Manjaraja Bahadur Choultry and get their food from the vegetarian kitchen of the Hotel, which will be run by caste servants.

6. This institution, if run on modern lines, is likely to be of great educative value, and I can confidently recommend --- Government giving a grant in case the Municipality undertake to run it on these lines.

7. For these reasons, I propose that a portion of the extensive compound of the Manjaraja Bahadur Choultry may, with advantage, be used for the construction of the Indian Hotel. After the building is furnished, the Municipality may itself run the Hotel in the beginning, or it may be entrusted to any respectable private agency. The space required for the Hotel can either be bought from the Trustees of the Chattram or an annual ground rent can be paid, one of the Trustees of the Choultry should be on the Directorate of the Hotel, so that the two institutions may work together

I have the honour to be,
Sir,
Your most obedient servant,

President.

Sm,

In acknowledging receipt of your No.7981/R1.331-12/04 dated 8th instant enquiring certain details with regard to Clark's Chattram, I have the honour to state that the building is an old one constructed in pre-rendition days Situated as the building is in the high road to Seringapatam, it served as a resting place for travellers especially the poorer class -- till the introduction of the State Railway to Mysore

2. After the advent of the Railway to Mysore the said Chattram practically fell off in importance on account of its distance from the Railway premises although it was now and then occupied by Bhyragis and wandering gangs

3 The Municipality was seriously thinking of selling the above chattram and building another near the Railway -- Station for the benefit of the poorer classes The offer from the Military Department came in good time and the building was therefore sold to them for Rs.3,700/-

I have the honour to be,
Sir,
Your most obedient servant,

Your most obedient servant,

Letter No.77 dated 19th December 1905 from the Pres.-dent, City Municipal Commission, Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your docket No.4221/Ml.(331-05)-2 dated the 25th October 1905 requesting to furnish certain informa-tion in connection with the Musaffer Khana known as Clark's Chuttram in Mysore, I have the honour to state that there is - nothing in the records maintained in this office to show by whom and when and at what cost the chuttram was constructed and to what fund the cost was debited but it is as ascertained from the local enquiry that the building in question was constructed along with the Mysore Jail building under the supervision of Colonel Johnson who was then the Executive Engineer of the)) Division.

2. The building was hitherto maintained by the Municipality without a full time watchman and it is very necessary that there should be a watchman as a good lot of travelling public have commenced to halt in this chattram since the first out break of plague in the City. It is therefore proposed to employ a care taker to keep the building and the premises clean and to prevert loss or deterioration of property.

3. I request that you will be so good as to obtain the early sanction of Government for the extent amount of [illegible]

oare taker as recommerded by the Board
